The game was self-published, so we do not have the means to do full-scale beta testing and provide deep support. We also don't have the money to do full conversions, like from Roguelike to 4X/Family, etc. We have worked very hard to make the game reflect the integrity and depth of the original, while taking advantage of all the benefits of modern technology. We hope you enjoy! *** NOTICE *** This is a complete remake of a well-loved game. The original is free for download, but we like to support great indie games. In order to do that, we are now taking a 30% revenue share of the sales for Hero Generations: ReGen. Also, please do not feel pressured to spend money during the in-game store- you should only spend money on valuable items that you wish you could have before dying! :D Show moreName My Thing After his heartwarming video came out earlier this week, Hamza bin Laden, son of Osama bin Laden, turned to his Facebook fans and asked them to name his latest creation. He asks them to send him suggestions as to what they would like to call the shot-put in Arabic, bin Laden says, but his son is "surprised" that the questions are "very, very hard," and that the number of them has "skyrocketed." There were already more than 500 suggestions by the time the interview began.Fábio Paternain Fábio Sérgio Paternain (born 6 August 1989) is a Brazilian professional footballer who plays as a right back for Mogi Mirim. The Rules of Solitaire 3D are simple: the player must remove all cards from the table before the deck comes back in play. The game play is divided into two distinct phases: a solitaire-like first game (meant for the player to familiarize themselves with the game), followed by a one-on-one battle. The main objective of this fun and easy-to-learn game is to get the highest score, which will enable you to unlock further levels.

Available on Steam, GOG, Humble and more. Democracy 2 is an asymmetrical multiplayer-only political simulation game where you and up to three other players must live together in one of four randomly-generated maps while your society and economies are governed by unique political systems, demographics, cultural variables, and random events. Each of you will have the freedom to explore your political options, make your society and economy thrive, and fight for power and influence in the Democracy. The game's political system is composed of two main parts: the current policy and the institutions. The policies regulate the day-to-day behaviour of each player and their institutions strive to implement and advance the desired policies. What You Will Get · Asymmetrical multiplayer sandbox, PC/Mac, Linux/Mac/Win: 3D isometric perspective. · 5 campaigns, 40 levels, many unique sectors. · Each campaign has many unique sectors. As you progress, you will unlock new houses, buildings, products, and blocks. You can choose which facilities you would like to upgrade. · Gameplay, game mechanics, algorithms, and procedural generation is the way to create a dynamic game. · Three distinctive civilizations, each of which has its own unique political systems, approach to government, and cultural variables. · Five unique game mechanics: Growth, Influence, Development, Influence of Events, and Energy. · Every day in the game, 40 random events will occur: political assassinations, political overthrow and revolutions, and natural disasters (storms, earthquake, volcano eruptions). · Five DLC Campaigns: Civilisations, Economy, Politics, Culture, Government (You will be able to choose one each time). Game Length This game has no goal. One of the main strengths of the game is that it offers the player, the choice of creating their own society. In other words, you will have the freedom to change the game mechanics, game d41b202975
