The Brush Tool allows you to paint with brushes of different size, color and opacity, and fill-in with different colors. Simply click the brush, the color picker will open and you can choose a color from there. If you wish to paint with an opacity of 0%, click the wheel icon in the right hand side of the brush tool, or the icon with a "T" in it. The Eraser Tool allows you to remove content from an image. By clicking on the tool, it will be highlighted, and the area you select will be removed. The Gradient tool allows you to change the brightness and darkness of an image with different colors. Click on the tool, then click and drag the mouse to make the desired color transition. You can also adjust the opacity of the tool by pressing CTRL + mouse wheel on your keyboard. The Pen Tool allows you to draw a line or polygon of an image. To start the tool, click on the tool and a cross hair will appear at the center of the tool. To draw a line, click on an area of the image that you wish to move and click to connect the first and last points of the line. To create a polygon, click and drag the mouse to draw the shape. The Blur tool allows you to apply a blur effect on an image. This tool is very useful for lightening up images. To apply a blur effect, click on the button, and the blur circles will appear. Drag the mouse to apply different amounts of blur. If you want to zoom in or out of an image, click on the tool and the zoom box will appear. You can also drag the tool around with your mouse. The Pen Tool allows you to draw or fill in shapes, circles or rectangles. To start the tool, click on it and a hand will appear. Click and drag the mouse to draw a shape. Alternatively, click and drag to fill the shape. The Flow tool is used to create a shape flow in an image. To do so, click on the tool and click to place the starting point. To place the finishing point, click on the final shape. You can then repeat this process to achieve more complicated flows. To begin again with a new flow, click on the tool again. The Erase tool allows you to clear an image, similar to removing content with the eraser tool. To start the tool, click on the button and

Playable on XBOX One, XBOX 360, Windows PC, and PlayStation 4. With The Yakuza Kiwami 2 update, we made significant changes to the game's controller handling. In the course of this update, we determined that some players may experience issues when playing the game using a 360 wireless controller on Windows PC. While we have determined that it is unlikely that this is causing the majority of reported issues, we are still investigating the issue in order to eliminate it. It is also worth noting that the issues are likely to occur when
